Cyril Connoly, a prolific writer, once wrote: “It is a mistake to regard age as a downhill grade toward dissolution. The reverse is true. As one grows older, one climbs with surprising strides.”

The veracity of this quotation was again proven when fiftyish Florbella Sedillo Bongalos (or Gabi as she is fondly called) ranked first (together with Ma. Cristina T. Nabaunag of St. Louis University) in the 15th Librarians’ Licensure Examination.

The examination given last November 28 and 29 by the Professional Regulation Commission attracted 825 hopefuls, out of which, only 303 passed.

Gabi obtained her master’s degree in library science from the University of the Philippines in 2003. Her thesis is entitled “An assessment of the application of the principle of provenance on archival arrangement and description in selected academic archives in Metro Manila.”

Since joining DLSU-Manila in 1978, Gabi has worked in a number of offices in the university in various capacities. At present, she serves as Administrative/Archival Assistant in the University Archives, a position she assumed in September 1994.

Gabi and the other successful examinees will take their oath in a ceremony set on January 5, 2007 at the Manila Hotel.
Fresnido Attends First Meeting of Philippine Experts in Cataloging

On November 16 and 17, 2006, the First Meeting of Philippine Experts in Cataloging was convened by the Board for Librarians (BFL) in cooperation with The National Library (TNL) and the Philippine Association of Academic and Research Librarians (PAARL). The meeting aimed to promote standards for the content of bibliographic and authority records used in library catalogs with the end in view of increasing the ability of sharing cataloging information worldwide. It was attended by 160 participants who all took part in the discussion of the issues on personal names, corporate bodies, seriality, multipart structures and uniform titles and general material designations, and came up with the recommendations on the proposed Philippine standards. It is also hoped that through this meeting a venue for the discussion of cataloging problems among catalogers will be realized through a Yahoo Group Website.

During this first meeting, Mrs. Ana Maria B. Fresnido, the Director of the De La Salle University Library and former Head of the Cataloging Section, presented a paper on “Cataloging at the De La Salle University Library” where she discussed the cataloging practices and in-house policies peculiar to DLSU Library.

Among the speakers and facilitators who shared their expertise in the field of cataloging were Corazon C. Nera, chair of the BFL, Hilaria Padoginog of Ateneo de Manila University, Lina Moreno of TNL, Elizabeth Peralejo, member of the BFL, Ruben Marasigan and Dr. Linda Tayona of the Philippine Normal University, Shirley Nava of the Dept. of Justice, Susan Amomoy of the Asian Development Bank, Annabelle Aceveda of Xavier University, Dr. Enrique Cayaban of St. Mary’s University, and Linda Lagundi-Wayman, former ADB Librarian.

Mainstreaming Values of Libraries, Librarians and Information Professionals by Claire Tagasa – Circulation Librarian

The National Conference on “Mainstreaming Values of Libraries, Librarians and Information Professionals in Knowledge Societies” was held at the Manila Hotel on November 21-23, 2006 and was sponsored by the Philippine Librarians Association, Inc. Among those who attended were William S.A. Frias, Head of the Technical Services, Marita Valerio, Bibliographic Librarian, Vivian Soriente, Wilfredo Frias, Joel Gementiza, Assistant Librarians at IMS, Information-Reference Section and Periodicals Section respectively, and this writer.

Among those topics discussed were: 1) Legal Aspect of Librarianship Profession, 2) Current Trend and Expectations, 3) Core Values for Information Professionals, and 4) Code of Governance and Best Practices. The participants were redirected towards current trends and new competencies required in their professions and were acquainted with the Code of Ethics for Librarians. They were also reminded of the government’s serious efforts in empowering the Filipino professionals and that good governance is one of the pillars structured in the Philippine President’s vision of a “Strong Republic.” Issued on 23 June 2003, the E.O. 220 provides that the adoption of the Code of Good Governance will promote and establish ethical awareness and competency among Filipino professionals to make them accountable to their public liability and fully fulfill their professional obligation to their clients. It empowers professionals, not only to upgrade or improve their technical and ethical proficiency, but also to keep them abreast with modern trends and technology in their respective professions, thereby assuring the highly qualitative and globally-competitive professional services, and secure the safety and...
Depositing Required Reading Materials

The librarians of the Circulation-Reserve and Filipiniana Sections request all faculty members who would like to place their required reading materials to send them before the Christmas vacation together with the accomplished Reserve Materials Request Form available at http://intranet.dlsu.edu.ph/downloads/forms/pdf/lib_reservematerials.pdf. This will help the librarians process the materials in time for the opening of classes for the 3rd Term, School year 2006-2007. All the previously deposited reserved materials by the faculty will be returned to the respective department secretaries during the term break to give space for the new materials which will be turned over to the Library.

Mainstreaming ... from p. 2

principles of the profession.

While there is a contention that Librarians are of equal footing with other professions, one is still tempted to say that Librarians are still the most neglected professionals, particularly in terms of professional development. This is because of at least three (3) major factors, such as: a) no academic institution (in this country) offers Ph.D. in Library Science, b) there is an absence of scholarships and study grants for librarians; and c) fixed and longer working hours, i.e. librarians are expected to do a fixed eight (8) hours a day or 40 hours a week of duty.

It is hoped that the heads of libraries will take on these challeng-
es, i.e. to include empowerment as one of their thrusts of governance; secure a more liberal institutional financial support in terms of study grants and/or scholarships; seek permission for librarians to attend foreign seminars/conferences, and allow them to participate in educational visits to technologically advanced libraries in Asia, if not in other continents, and if possible, apply for membership to foreign professional library associations like the American Library Association (ALA) and the like.

Seminar on Filipiniana Materials

A two-day seminar on “The use of Filipiniana Materials in Philippine Libraries and Information Centers” was held in Ortigas Foundation Library last October 26-27, 2006. The seminar was sponsored by the Philippine Foundation for Library Scholarships, Inc. and Jose Rizal University. Cynthia L. Cordova, Filipiniana Librarian, was one of the participants who attended the seminar. Other participants included librarians and teachers from the different colleges in Metro Manila, and from far-flung universities like University of Mindanao, Silliman University, University of San Carlos in Dumaguete, Saint Louis University in Baguio, and Tarlac State University.

Relevant topics were discussed like “A Christmas wish list of researchers in cultural/literary history” by Dr. Isagani R. Cruz, the Director of the Teachers Academy of FEU, Visiting lecturer at the Ateneo de Manila University, a professor Emeritus of De La Salle University, and the Executive Publisher of the De La Salle University Publications; “The Heritage Library and the Filipiniana collection of the University of Santo Tomas” by Fr. Angel Aparicio, O.P., the Prefect of Libraries of University of Santo Tomas and; “Policies regarding the use of Filipiniana materials: issues and concerns” by Dr. Serafin D. Quiazon, former director of the National Library and chair of the National Historical Institute, lectured on “Some unexplored subjects in our history and culture utilizing Filipiniana materials” while Mr. Edgardo Quiros, Consultant of The National Library of the Philippines and UP-ILIS (UP-Institute of Library and Information Science) talked on “The Philippine eLib: ; Providing and Internet-based access to Filipiniana Materials”
