Assessment of the DLSU Library’s Book Collection on Language and Literature

by William S.A. Frias, Head, Technical Services

Aimed at improving the quality of the book collection, the De La Salle University-Manila Library regularly conducts assessment studies of its collection. In 2003, members of the Library Management Committee started the assessment of the book collection employing the list checking method using the Best Books for Academic Libraries (BBAL) published in 2003, as the standard tool. The assessment started with books on Technology and Engineering which was followed by the Education collection in 2005. In 2006 assessment of several book collections (Music and Art; Social Sciences; World history; Philosophy and Religion; Law; Science, Technology and Agriculture; Medicine, etc.) were also conducted. In the hope of completing the assessment of the entire book collection, the Language and Literature collections were also assessed on the same year.

The present study was done to assess the quality and quantity of the Language and Literature book collection of the DLSU-Manila Library. Specifically, this study aims to:
1. Provide a quantitative and qualitative profile of the DLSU Library’s book holdings in Language and Literature
2. Compare quantitatively and qualitatively the DLSU book holdings in Language and Literature against titles cited in BBAL
3. Seek answers to the following:
   a. What proportion of the citations on the list has exact matches in the DLSU Library’s book holdings?
   b. What proportion of the citations...

Bongalos Appointed to the NCCA ExeCon on Archives

by Clarita D. Tagasa, University Archivist

Florbella “Gabi” S. Bongalos was recently appointed to the Sub-Committee on Cultural Heritage of the Executive Committee on Archives, National Commission for Culture and the Arts (NCCA). She will be serving the committee for a period of three years, commencing the year 2008 up to 2010. This appointment is something to boast for, for two reasons: first, the appointment is institutional in nature and as such she will ably represent the De La Salle University in all the functions or activities of the NCCA during the next 3-years; second, to date, Gabi holds the distinction of being the first and only Co-Academic Personnel (CAP) to be appointed to such important position.

Gabi joined the DLSU Archives in 1994 with a position of Administrative/Archival Assistant. Prior to holding such position, she has worked since 1978 in a number of offices in the university in various capacities. As a...
SMI-IC Holds Seminar on E-Resources

The South Manila Inter-Institutional Consortium comprised of 12 colleges/universities along Taft Avenue, Manila, namely Adamson University, De La Salle-College of Saint Benilde, De La Salle University-Manila, Emilio Aguinaldo College, Lyceum of the Philippines University, Philippine Christian University, Philippine Normal University, Philippine Women’s University, St. Paul University-Manila, Saint Scholastica’s College-Manila, Technological University of the Philippines, and the University of the Philippines-Manila, sponsored a one-day free seminar on Electronic Resources to 31 librarians/library staff of its member libraries including 5 from the DLSU-Manila Library, namely, Elizabeth B. Padilla, William S.A. Frias, Yolanda F. Odsinada, Vivian C. Soriente and Ana Maria B. Fresnido.

Invited as resource speaker was Ms. Celedonia R. Cayaban, Director of the De La Salle-College of St. Benilde, Learning Resource Center who discussed on Collection Development of E-Resources/Online Products and Organizing AV and Electronic Resources.

The seminar aimed to: (1) assist/guide participants in the process of evaluating, selecting, and acquiring electronic resources; (2) enable participants to determine appropriate electronic resources suitable to the needs of their respective clienteles; (3) introduce participants to various electronic resources available in the market; and (4) train the participants in the organization of electronic resources and audio-visual materials.

Verzosa Receives Lifetime Achievement Award

Former DLSU Archivist and Library Director, Fe Angela M. Verzosa, is the recipient of the Lifetime Achievement Award for 2007 given by PAARL in recognition of her consistent service as an outstanding academic librarian, serving in various capacities, as President of PAARL in 2000 and 2004, and speaker/resource person in various PAARL seminars, conferences and fora.

Ms. Verzosa joined PAARL in 1992. In 1998 she was elected Board of Director and a year after, she became vice-president and eventually became the president in 2000. In 2004, she was again elected president of the Association. Aside from these, she has also served PAARL as chair of the different committees and member of the Council of Elders. At present, she continues to serve PAARL as moderator of the PAARL Yahoo Group.

Balangue Reelected as Treasurer of PAARL

Ms. Jocelyn T. Balangue, Head of the Acquisitions Section, was re-elected as Treasurer and Board of Director of the Philippine Association of Academic and Research Librarians (PAARL) for 2008. Aside from being the treasurer she also chairs the Ways and Means Committee of the Association. As treasurer, she is expected to collect, receive, record, and disburse all funds of the Association.

Together with other PAARL officers, Ms. Balangue was inducted last January 25, 2008 at the Jose Rizal University Auditorium, Shaw Boulevard, Mandaluyong City during the Annual General Assembly and Induction/Awarding Ceremonies of the Association. PAARL members from the DLSU-Manila Library, namely, Ms. Annabelle Aliwalas, Head of the Filipiniana Section, Purisima Fernando, Head of the Cataloging Section, and Cecille Manongsong and Felicidad Caparas, assistant librarians, also attended to witness the ceremony.
on the list has matches in different editions in the DLSU Library’s book holdings?
c. In what areas are the matches in DLSU Library book holdings strong or weak?
d. In general, how does the DLSU Library’s collection fare with the lists?

4. Find out the average number of book acquisitions per year in the fields of Language and Literature.

5. Present budget implications brought about by the findings generated in this study.

Results of the study may serve as a guide for the improvement of the collection in the fields of Language and Literature, specifically in terms of quality, as reference for budget planning.

This study used only volume 3 of the BBAL which is the Language and Literature volume corresponding to the following class letters:

<table>
<thead>
<tr>
<th>Class Letters</th>
<th>Subject Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>P</td>
<td>General Language and Literature</td>
</tr>
<tr>
<td>PA</td>
<td>Classical Language and Literature</td>
</tr>
<tr>
<td>PB-PH</td>
<td>Modern European Languages and Slavic Languages and Literature</td>
</tr>
<tr>
<td>PJ-PL</td>
<td>Oriental Languages and Literature</td>

<td>German, Dutch and Scandinavian Literature</td>
</tr>
<tr>
<td>PZ</td>
<td>Juvenile Literature</td>
</tr>
</tbody>
</table>

Excluded in the study are American and English literatures under class letters PR and PS respectively, because these do not form part of volume 3 of the BBAL (2003 ed.).

Findings

Results of the check listing, that is, checking the library’s holdings against an authoritative list, which, in the case of this study is The Best Books for Academic Libraries (BBAL), revealed the following:

1. The DLSU Library has a total of 21,218 titles, equivalent to 33,741 volumes of books in Language and Literature (see Table 1).

2. In terms of quantity, the DLSU Library’s Language and Literature holdings is 63.24% higher as compared to the BBAL holdings. Topping the list of sub-collection which are very much higher than the BBAL sub-collections are: (1) General Language and Literature (PN), where DLSU Library is 93.97% higher; (2) Modern European Language and Slavic Language and Literature (PB-PH), where the DLSU Library is 81.61% more; and (3) Oriental Language and Literature (PJ-PL), where the Library is greater by 78.47% (refer to Table 1).

3. The DLSU Library’s Language and Literature collection is weak in Hyperborean, Indian and Artificial Language (PM) having only 25 titles in its collection or -120% less compared to the BBAL.

4. The DLSU Library’s Language and Literature collection in Oriental Language and Literature (PJ-PL) logged the highest number of matches against the BBAL. Despite this, however, it still fell short in terms of quality compared to the BBAL, with only 19.16% matches (see Table 2 on page 4).

5. Total percentage of matches of DLSU Library’s collection against BBAL is very low at 13.16% or 1026 out of 7,799 entries (see Table 2 on page 4).

6. Five-year total budget allocation for books and periodicals under the Departamento ng Literatura at Wikang Filipino/Literature and Filipino departments where the budget for the development of the Language and Literature collection were taken was PhP967, 914.74.

7. The five-year total actual expenditures for books under the Departamento ng Literatura at Wikang Filipino/Literature and Filipino and Literature collection is weak in Hyperborean, Indian and Artificial Language (PM) having only 25 titles in its collection or -120% less compared to the BBAL.

DLSU Newslette Balitang Aklatan Vol. 39 No. 1 January 2008 - 3
Filipino departments was PhP1,088,409.98.

8. The total number of volumes acquired for the last five years under the Departamento ng Lituratura at Wikang Filipino/Literature and Filipino departments was 807 volumes translating to an average annual acquisition of 161.4 volumes.

9. The average cost of the books acquired for the last five years under the Departamento ng Lituratura at Wikang Filipino/Literature and Filipino departments was PhP1,526.81.

Conclusions
1. The DLSU Library’s Language and Literature collection is very inferior compared to the BBAL listings.
2. A total of PhP10,341,084.13 is needed to purchase all titles in the BBAL that are not available in the DLSU Library’s Language and Literature collection.
3. If the average allocation in acquiring books for the Language and Literature is maintained, it will take 53.42 years for the Library to acquire all the titles in BBAL currently not available.

Recommendations
1. Uplift all the sub-collections under the Language and Literature of the DLSU Library to be at par with the standard set by BBAL.
2. Prioritize acquisition of books on the following sub-collection:
   - Oriental Language and Literature;
   - German, Dutch and Scandinavian Literature; and
   - Classical Language and Literature.
3. Explore other ways to speed up the acquisition of Language and Literature titles not available in the DLSU Library. Consider looking for other sources of funds like endowment funds, etc.
4. Make sure that the budget allocation for the purchase of Language and Literature books is consumed. Tap also other budget such as those of the Filipiniana and Circulation to supplement the budget for the acquisition of books in Language and Literature.
5. Conduct periodic assessment (e.g. every five years) of the Language and Literature collection to ensure continuous development and maintenance.

Consider a follow-up assessment making use of other standard bibliographies which are more current and exhaustive.

Balangue Invited as Resource Speaker

Ms. Jocelyn T. Balangue, Head, of the Acquisitions Section, served as one of the resource speakers in the seminar sponsored by the Cavite Librarians Association, Inc. (a chapter member of the PLAI Southern Tagalog Region Librarians Council) entitled The New Face of the 21st Century Libraries and Information Specialists held last December 5-7, 2007 at the La Salle Retreat House, Biga, Silang, Cavite. She presented her paper on Current Trends and Best Practices in Collection Development.

Bongalos ... from page 1

professional librarian, Gabi topped the 15th Librarians’ Licensure Examination given in 28 and 29 of November 2006 by the Professional Regulation Commission. She obtained her master’s degree in Library Science from the University of the Philippines in 2003. Her thesis entitled “An Assessment of the Application of the Principle of Provenance on Archival Arrangement and Description in Selected Academic Archives in Metro Manila” easily became a valuable archival tool and a boon to the literature in archival management in the country. On the side, Gabi has consistently showed her unparalleled knack for doing research work. Her writings had been published in a number of local journals and magazines. Her latest opus, soon to be published book will, in no doubt, be another major contribution in the field of librarianship. With Gabi’s expertise, both in historiography and in archives management, she definitely can help promote the objectives of the National Commission for Culture and the Arts in general, and that of the Sub-Committee on Cultural Heritage, in particular.
Trial Access to IEEE Explore Made Available

Trial access to IEEE Explore is now available either through the following url: [http://ieeexplore.ieee.org/Xplore/dynhome.jsp](http://ieeexplore.ieee.org/Xplore/dynhome.jsp) or the Library homepage under [Online Subscriptions - Free/Online databases](http://www.dlsu.edu.ph/library/free_databases.asp), from January 31 until February 14, 2008.

IEEE Xplore is a digital library providing full text access to the world’s highest quality technical literature in electrical engineering, computer science, and electronics. It contains full text documents on the following:

- IEEE journals, transactions, letters, and magazines from 1988 with select content back to 1913
- IEEE conference proceedings from 1988 with select content back to 1953
- IEEE standards from 1948
- IET journals, letters, and magazines from 1988 with select content back to 1965
- IET conference proceedings from 1988
- IEEE books from 1974
